Bishop, Carlstadt's Guest

The visit to Carlstadt on Monday of Bishop Harding, was made the occasion of an happy event. In the Adanac Club room in the evening when a large crowd assembled to meet the Bishop, and incidentally listen to an excellent concert of readings, and vocal and instrumental music.

Mrs. Corby, wife of Wilks of Surf, were present and made themselves decidedly popular in their comic selections. Corporal Corby, is the last word in a make up, as a comic. Mrs. Corby, who is possessed of a sweet voice, was also present and assisted in the program. The local talent of Carlstadt, who all acquitted themselves in an admirable manner were Mrs. H. R. Bean, the Misses Lockren, Armstrong, Watson, Harris, and Messrs. Blanchard, Johnston, Baldwin, Ketchum, and Mackay.

Mrs. F. Jordan Basken made an excellent accompanist, and the refreshments served at the close, and presided over by Mrs. E. C. Woodie, concluded a most enjoyable evening.

BUSY BURG GROWING!

MUCH BUILDING WORK PLANNED AND CARRIED TO COMPLETION

The carpenter's hammer is heard on many sides in the busy burg. Messrs McEwen, Coffin, and Basken have completed new barns. Mrs. Basken last week moved into his new house to the south of the town. The big building at the east end of a railway street known as the Farmers hotel is being changed into two dwelling houses. Work on the new Methodist Parsonage will be started next week. Mr. Quigley is the contractor in charge. He purchased the old building. Mr. Board recently moved into a fine new house at the south of town.

The building program also includes a new big demonstration building for Scollard & Hogg, a new warehouse for A. J. Drummond and the Rink building. Thus the busy burg moves on!

To gain some idea of the remarkable amount of building going on in the county, reference to City Hall, one needs only to mark the broad smile on the faces of the lumber merchants.

The number of vacant houses in busy burg is now practically nil, and the growing demand for residences certainly forecasts steady building erections.

Sudden Death.

W. E. T. Mills of Tide Lake, was removed suddenly on Saturday night, to the land of death. The News, is informed although the details of the death are obscure, that on the day of his death, he was accused as usual, but towards evening he complained of feeling unwell, and retired early to bed. He was only in bed a short hour or so, when he passed away, death being attributed to heart failure. Word was despatched to Carlstadt, and Mr. McEwen and A. J. Drummond drove out to the home.

On Monday, a short funeral service was held at the home by Rev. Mr. Clydesdale, of Carlstadt. Following this, the remains were brought to Carlstadt and shipped on the evening train Tuesday, to Medicine Hat, where, interment took place on Wednesday. Mr. Mills was aged about 70, and was one of the very first to take up land in the Tide Lake district. He had been married twice. His second wife survives, along with several grown up children. The News is informed, that he came to this country several years ago from Dakota. All who were acquainted with him, speak of him in the highest terms.

At a meeting of the Ladies Aid held on Wednesday of this week, it was decided to put on sale numerous articles of home-made baking. Now for a meal like mother used to make. Watch for the sign and remember the date "Saturday Sept. 21st in the afternoon."

RINK FOR CARLSTADT

COUNCIL GRANTS PERMIT FOR ICE PAVILLION HERE

Carlstadt will be right on the sport map this winter. At a council meeting held in A. J. Drummond's office on Wednesday night, A. J. Theroux, was granted permission to erect an up-to-date open air rink on the lots south of the drug store. A. J. Theroux will make a very good rink manager. He states that season tickets will soon be on sale. Will Carlstadt have a hockey team?

Personal Mention

The Council are considering securing a site at the east of the town for a cemetery.

The News is in receipt of many answers to the puzzle in our last issue. The announcement will be made next week.

The Ladies Aid of the Methodist Church held a very successful meeting on Wednesday at the residence of Mrs. Shields.

The town council on Wednesday evening decided on an extensive sidewalk building program, for Railway and Broadway streets.

The West Grain Company is starting a grain mill at their elevator plant, and assure customers of a satisfactory and speedy service.

When your thrashing is "done," bring us a sample of your grain and get our prices. Our facilities for handling will be better than ever this fall.—England and England.

Give Us a Call

on your Stoves and Ranges, as Our new stock has arrived, and the prices for guaranteed goods are low.

Specialties in furniture, and we handle a sideline in Undertaking.

Don't Disappoint your building, this fall by neglecting to give them some paint, as the life of lumber is paint, just as bread is life to your body. We are the local agents for Sherwin-Williams pure paint.

A. J. DRUMMOND

Do You Wish

TO BE AS SAFE AS THE UNION BANK OF CANADA And get good returns for your money? If so, the next time you are in town, just drop into the new bank building and you will see the ceiling finished with the famous Beaver Board, and then you will be in a position to judge for yourself if it is not all we claim it to be.

Comment

It must worry the Duke that he
"Crown nought" come to Carlstadt.

Brooks is considering forming a
Board of Trade sometime next
March. They move very fast in
that burg. Carlstadt has had "one"
ever since the first box car was left
here for a station. Ask Guy Hume
Hilton about it.

So many people returning from
the stampede have that done out
look. Most of us were done out of
a great deal of the coin of the realm.

Carlstadt should have a regular
mounted policeman on duty all the
time. Corporal Corby is a fine
officer but Suffield alone is one
man's job. A town without police
protection is living in a fool's par-
adise.

This week the News is issued with
particular interest to the citizens of
Websdale, and vicinity. We already
number among our subscribers,
many of the leading homes in Webs-
dale, but it is with the intention of
placing our paper in the homes of
many more, that we are this week
visiting Websdale. This is the
only natural paper for the district,
and we would again state, that a
year's subscription to the paper that
is making a name for itself, is only
one dollar a year, or 50 cents if you
are a month's subscription. A trial
subscription costs only 25 cents
for three months. Do it now!

Concerning the Increased Cost of Your Furniture

Furniture has increased in
Canada more noticeably than
almost any other manufactured pro-
duct during the past twenty years. It
is worth while observing that furni-
ture in Canada to-day is not as expen-
sive as in the United States, nor has
it increased in cost during recent
years as rapidly as in the latter coun-
try.

The average index price for furni-
ture in 1890 as set by the Depart-
ment of Labor was 57.4 and in 1919
it had increased to 127.4, a gain of 50.2.
The average price of bedroom sets in
the United States in the same period
caused from an index number of 100
to 146; bedroom chairs from 102.5 to
125.5, and kitchen tables from 102.5 to
136.5. This latter item showed in the
United States a decided increase in its
cost from 1917 to January 1, 1919.
December. Taking these figures
as a whole in the first in-
crease, there was a decrease of 27
per cent in price, six of the forty
articles noted by the department
decreased and five increased.
Canada last year on the other hand
change whatever occurred in the
cost as represented in household
furniture.

The chief reasons for the 50 per
cent of furniture are increases in
wages and in the prices of hard-
ware. It is sometimes contended
that the manufacturer who has reaped
the whole country's upholding is a
victim of a properly regulated tariff.
The advantage of these circum-
stances by retaining old type of
machinery and plant. The price of
such a manufacturer competing
with an up-to-date foreign man-
ufacturer is the tariff to counterbalance the
inferior results of his own plant in
Canada. This is not so. Notwithstanding
the fact that there has been a
marked improvement in the machinery
for manufacturing furniture in
this country during the past twenty
years, which has enabled a 60 per
cent to be placed on goods and more
brutal designs to be turned out with
some, or less expenditure, the two
factors noted—wages and hard-
ware—have counterbalanced the effect of
the superior machinery. Mr. H. E.
Coffman, of the Forestry Branch of
the Department of the Interior, says
that the average monthly price
paid in Canada for kitchen chairs,
kitchen tables, as an example, were
31 per dozen compared to an aver-
age monthly price in the United
States of \$4.50. Taking a longer
period, the average price for the
article between 1890 and 1900
in the Dominion was \$2.50 per dozen
as compared to the United States \$2.50.

The Social Whirl

Ed Hays, was in Hoskins on
Tuesday.

Wm. Laird was in Medicine Hat
on Tuesday.

Miss Ruth Ames has taken up
her studies at the Medicine Hat
Collegiate Institute.

The choir of the Methodist church
has been re-organized and last
Sunday evening pleased a large con-
gregation.

Messrs. Jerrold and Tregallas
have taken up their residence in the
new handsome quarters over the
Union Bank.

Mrs. John Coffin has been visit-
ing in town for several days with
her husband, will return in a day or
two to the farm in Hoskins.

Among the week end visitors to
the stampede were Mrs. A. J.
Theroux, Mr. and Mrs. McNab,
Fred Rowatt, J. Armstrong, Alf
Swanby.
